.....

In their endorsement No.31823-L-52-1-Health dated
15-7-52, the Government have forwarded to me the Memorandum dated
6-2-52 presented to the Director of Rural Welfare, Madras by the
President, Mulky Hospital Poor Fund committee for taking necessary
action. The memorandum contains the proposal of opening of a
primary health centre at Mulky and the matter of development of the
Leprosy Clinic attached to the L.F.Hospital, Mulky. The leprosy
clinic was added to the L.F.Hospital, Mulky in 1932 as a gift.

2. When the Dt.Medical Officer, S.K. was requested
to offer his remarks on the memorandum, he has, in his letter C.No.
4531-52 dated 5-8-52 informed me that in the present position of
financial stringency, the opening of a Primary centre at Mulky would
not be warranted and that the Leprosy clinic attached to the
Hospital may be developed for which he has forwarded a list of drugs
costing Rs.546/- that are absolutely required for the use of leprosy
clinic per year(copy enclosed).

3. The President, Dt.Board, in its resolution 52
dated 17-9-52(copy enclosed) has resolved to address the Government
to develop this leprosy clinic as the District Board, in its
present acute financial stringency will not be able to meet the
expenditure of Rs.500/-per year for the maintenance of the leprosy
clinic.

I therefore request that the Government may be pleased
to sanction a lump sum of Rs.500/- per year as the grant to this
Dt.Board for the maintenance of the leprosy clinic attached to the
L.F.Hospital, Mulky.
